02/14

Dear Solarista,

After the boat show in Düsseldorf we are looking forward to an eventful new year. The Solaris family is growing significantly. We welcome our new Solaris owners and therefore expand our sales and after-sales teams worldwide. In addition to the first Solaris yachts in China and Singapore, we are also busy constructing a first Solaris 42 for Australia. More yachts will be delivered to Norway, Sweden and England.

We eagerly expect the launch of several fast Solaris yachts for Austrian customers who are about to mix up the racing scene with our yachts in the Northern Adriatic. Should you be interested in seeing Solaris yachts in action we would like to recommend our Solaris event in Sardinia in the beginning of June. Here you will be able to experience and sail most yachts of our fleet in a very relaxed and private atmosphere.

At the yard we are very busy from February onwards as we will be launching one yacht after the other but still you are very welcome to book an appointment to experience Solaris Yachts at our yard in Aquileia, close to Trieste and Venice.

SOLARIS TEST & SAILING DAYS 31ST MAY - 8TH JUNE IN PORTO ROTONDO

To celebrate our **40th anniversary** we would cordially like to invite you to our test and sailing days in Porto Rotondo at Olbia in Sardinia. All Solaris owners and guests are very welcome to visit our yachts at the Porto Rotondo Yacht Club. Here we will have a large fleet for viewing and test sailing available, including the Solaris 72 Classic, 72 Deck House, 60, 48, 44, and 42. We are also celebrating the world premiere of the NEW Solaris 58. Of course, all Solaris owners sailing in the area are most welcome to visit and we are looking forward to meeting crews and guests and to enjoy the company of our Solaris owners. Berths for visiting Solaris yachts are available. Please contact us well in advance to reserve your berth in the marina. You can also reach Porto Rotondo (41° 1,758 N - 9° 32.586 E) easily from Olbia airport.

For your registration and indication of date and length of stay, please contact:
Stefania Buono, Solaris Yachts Custom: mailto: sb@sycustom.com / Tel. +41 912613946

After the winter break, the Mediterranean boat shows will start with Palma, where we will exhibit our two new sailing yachts - the most elegant 72 Classic and the fast and comfortable world cruiser 72 DH. The Solaris 44 will be also be moored alongside. Please do come and visit us.

SOLARISYACHTS IBÉRICA BARCELONA

We are pleased to announce that our new office and the new service point of **Solarisyachts Ibérica, BARCELONA** is ready for customers. A young and dynamic team consisting of professional sailors, headed by Xavi Garriga is available for your yachting needs and requirements. The Solarisyachts Ibérica team is happy to help and support you in a nice and relaxing atmosphere giving advice and information about the Solaris and Solaris Custom models. The technical service centre, our **SERVICE POINT BARCELONA**, provides all refit and maintenance work with great professionalism and experience. We have berth available for your short stay, while we carry out refitting work or even for your holiday in Barcelona. We would like to hear from you.

DÜSSELDORF BOAT SHOW 2014 - REVIEW

The International Boat Show in Düsseldorf was a well-attended and highly successful show for us. We would like to thank the many visitors, interested parties, and particularly the Solaris team for their excellent work.

Stand Solaris, Hall 16

Stand Solaris Custom, Hall 7a

Kind regards,

Your Solaris Team
